QuickTime 5 Installation

QuickTime 5 Installation

- **This tutorial will show you how to install Apple QuickTime 5 on your machine. QuickTime 5 is required in order to view the movies contained in the International Military Student Pre-Departure Briefing CD.**

- **You'll need to put the IMS CD in your CD drive. If you know that you're not permitted to install software on your machine, get someone to "log in" to your machine with administrator privileges.**

- **Look at each step in this tutorial, minimize, and then do that action using the IMS CD.**
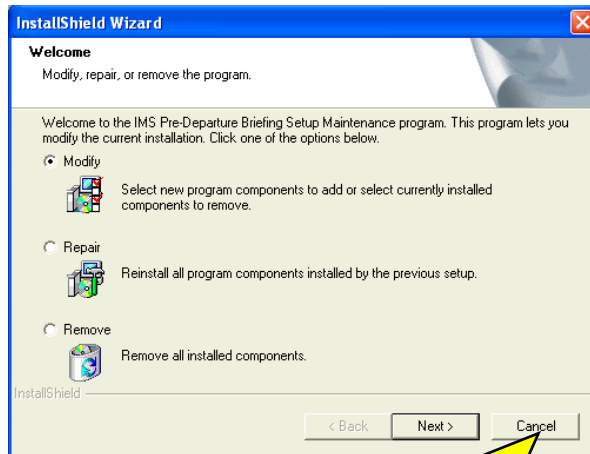

QuickTime 5 Installation Page 1

*1.* **Put the IMS Pre-Departure CD in the disk drive**

The CD will "auto-load" in most machines.

You'll need to cancel the installation (or un-installation) routine to continue with installing QuickTime 5. One of the two screens below will appear once the disk loads:

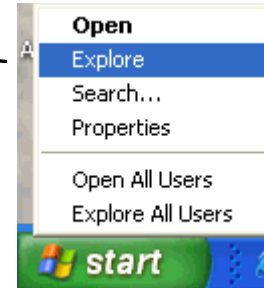

InstallShield Wizard

Welcome
Modify, repair, or remove the program.

Welcome to the IMS Pre-Departure Briefing Setup Maintenance program. This program lets you modify the current installation. Click one of the options below.

- ⦿ Modify
  - Select new program components to add or select currently installed components to remove.
- ○ Repair
  - Reinstall all program components installed by the previous setup.
- ○ Remove
  - Remove all installed components.

QuickTime 5 Setup

Welcome to QuickTime 5

QuickTime 5 enables your computer to handle video, graphics, music, sound, sprites, text, VR panoramas, animation, and content streamed over the Internet.

This installer lets you choose the QuickTime software you want, and places it in the appropriate locations on your computer. For future installations use the QuickTime Updater installed in your QuickTime folder.

File Type Associations

You can associate multimedia file types with QuickTime viewers.

Select viewer associations:

☐ Windows file types
　(AVI, BMP, ...)

☑ Macintosh file types
　(PICT, AIFF, ...)

☐ Internet file types
　(GIF, JPEG, ...)

☑ Notify me if other applications modify these viewer associations.

Previous　　Finish

1. Check "Macintosh file types"

**This screen selects the types of multimedia files QuickTime will automatically play**

Check the "Macintosh file types, then go on to the next screen.

2. Click on Finish

QuickTime 5 Installation Page 12

This screen informs you that QuickTime 5 is now properly installed on your computer.

Uncheck both of the options on this screen, and click on "Close"

Finished

QuickTime Setup is now complete. You can view the README file or launch QuickTime Player now. Please choose the options you want below.

☐ Yes, I want to view the QuickTime README file.

☐ Yes, I want to launch QuickTime Player.

Click Close to complete QuickTime Setup.
